FOREWORD

Each of us, from time to time, is forced to leave the old familiar places and people to go forth into an entirely new circle. Each of us goes with a little hesitation and a little fear, perhaps, of what lies hidden in this new world into which we must go.

A time such as this is now upon us. Our High School days are closed and we are obliged to enter the great world to take up our life's work. We must not forget the days that have been, and always will be, our happiest. We must not forget those friends who made those days so happy, nor the teachers whose tireless efforts and intimate friendships have fitted us well with the necessary equipment we'll need to combat the unknown forces that are ahead of us.

But Time will inevitably erase these faces which have been so near and dear to us. In order to keep these faces and to keep these little happy incidents always in our minds, we present our Year Book.

In the future, when gloom seems to reign, if this book can brighten up these trials that have crossed our paths, then the META will have served and served well its purpose. It is for this reason that we worked and tried to put within these covers those faces, incidents and happy occasions that appealed to us during our High School Days.

With this introduction, we now invite you to read on.....

ALMA MATER

CLASS ODE

Classmates, Farewell,
Now our high school days are o'er;
Classmates, Farewell,
We leave these halls forevermore;
For other fields to conquer,
Life's battles to be won;
Farewell, Dear Friends,
Now our life has just begun.

Classmates, Farewell,
In the last four happy years,
We've worked and strived
Without a thought of grief or tears;
We now go forth together
To seek our separate ways;
Farewell, Dear Friends,
May God be with you all your days.

Tune: "LIGHTS OUT"
Words by EDWINA SERPA

PRINCIPAL ARTHUR J. BARRY

OUR PRINCIPAL

It is only fitting that we should here pay our respects to our principal, Mr. Arthur J. Barry, who has worked unceasingly to make these last years of our high school life profitable and memorable years. That he has succeeded to no inconsiderable extent is unquestioned; and as the years unfold before us it is our belief that some of the lessons he taught us will have for every member of our class a high moral as well as material value.

It is our sincere desire that there be aroused in the heart of every member of the class a realization of all that Mr. Barry has done for us, both as individuals and as a class. We are appreciative. We wish him to know that we will be mindful of his efforts in our behalf, and we trust that we, as individuals and as a class, will reflect credit upon him, our principal and our friend during these past two years.

G. CRAIG ABBOT

"Silence is golden."

SCIENCE CLUB CHEER LEADER

Craig is a young man of a quiet and retiring nature. He is what one might call truthfully "a man of few words." We are sure that a world of happiness and success is before him as he steps across our threshold and into the world.

ANASTASIA M. ABRAHAM

"The secret of success is constancy to purpose."

GLEE CLUB

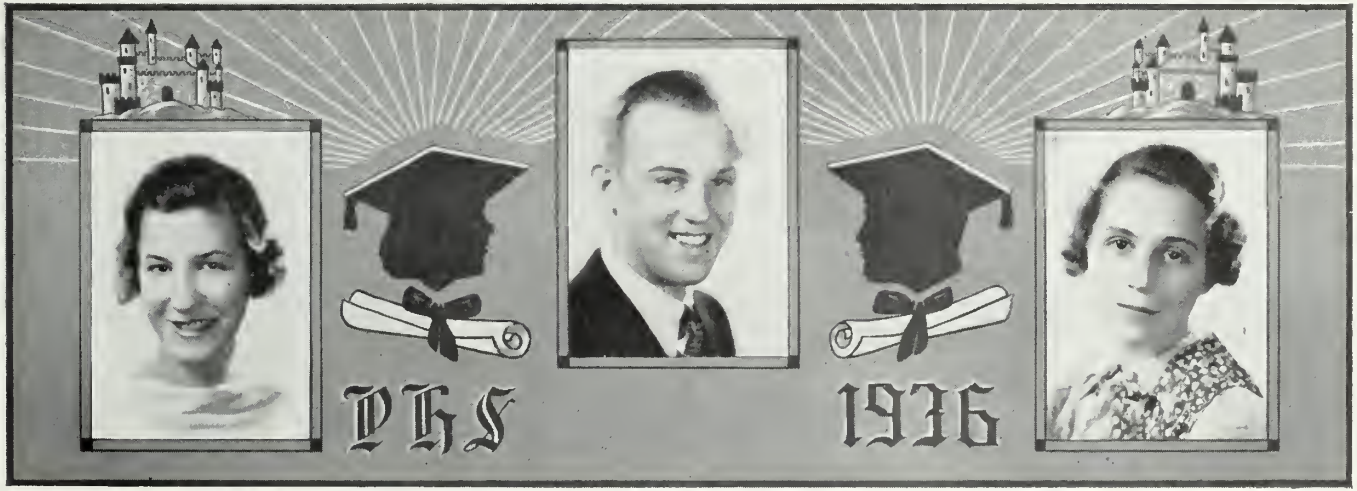
Let it not be said that Anastasia ever had a frowning countenance. She has planned to become a nurse and her pleasant smile will help her win the esteem of all patients. Her future is one for the good of humanity and we know she will be contented in that line of work.

HELVI I. ANDERSON

"Goodness and simplicity are indissolubly united."

SPANISH CLUB P. H. S. REVUE
STRAND NIGHT

Helvi, the young lady with the pleasing smile, needs no introductions to most of us. A frank opinion, a cheery smile, a helping hand, an optimistic view of life,—these are but a few of her characteristics. With these pleasing qualities, we feel sure that Helvi will travel far in her chosen career of nursing.



AGNES ANDRIANOPOLUS

"Here's a little girl and you know her too;
With smiles and smiles galore for you."

Agnes is one of our commercial students who has prepared diligently to fill some important niche in the business world. If we know Agnes, and we ought to after four years' association with her, we do not hesitate to say that the "boss" who has Agnes for a secretary will be fortunate indeed.

STANLEY E. ANTOSZEWSKI

"Eventually—why not now?"

BASEBALL GOLF

"Happy-go-lucky" is this fellow's outstanding characteristic. "Stan" always seems at peace with the world in general and is never in a hurry, but as in the famous success story, he is invariably one of the first to reach a desired goal. He is an all around jolly good fellow.

ETHEL ARAKELIAN

"Gentle in manner, firm in action."

SPANISH CLUB

Ethel has gained a score of friends during her stay at Peabody High. The twinkle in her eye has lightened many a day for her friends. Ethel has not confided her vocation to us but whatever it may be we feel quite certain she will be successful.

JORDAN E. ARAKELIAN

"He is as wise as he is merry."

JUNIOR CLASS PRESIDENT

OBSERVER STAFF STRAND NIGHT

SCIENCE CLUB META STAFF

Who is that busy person whom we see in the corridors always holding a conversation with someone? You guessed it. It's "Arko", himself. He certainly proved to be an able leader when he was president of our class in his Junior year. His amiable spirit will win him many friends in future days.

ANNA ARATHUZIK

"A good friend is better than silver or gold."

SPANISH CLUB WOMAN'S CLUB

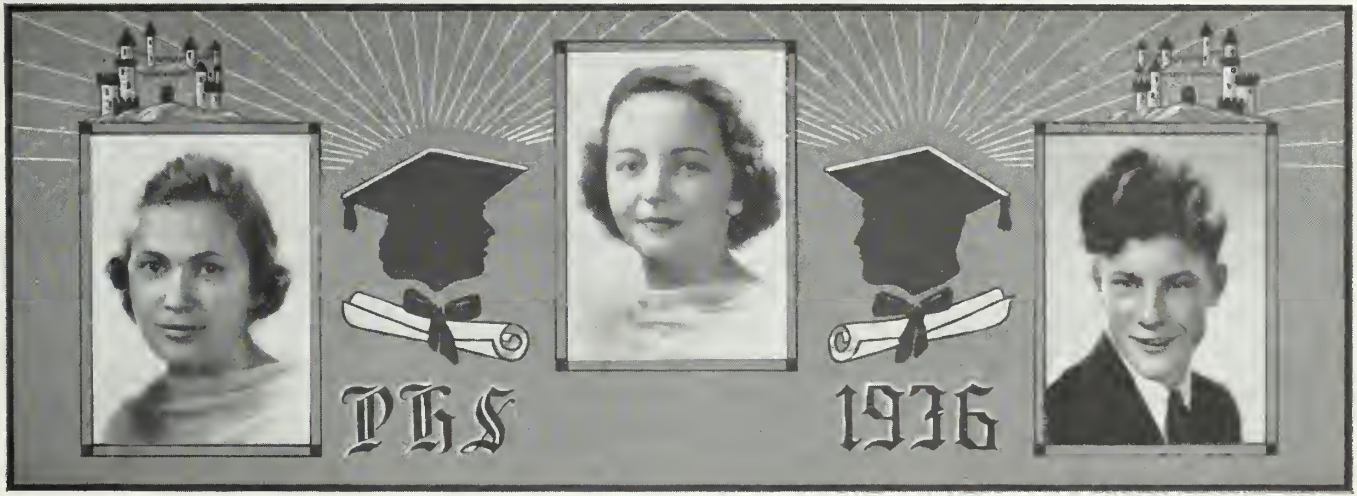
In her quiet way Ann has won the hearts of many of her classmates. She is eager to do the best for her friends and therefore, has been a great benefit to the class. Because of her willingness to help others, a successful future is assured.

ARMAND A. ARCHAMBAULT

"A man to act, not talk."

FOOTBALL TRACK

Armand is a quiet, likeable fellow. He has an abundance of courage and perseverence and is at all times a hard worker. Such qualities as his cannot help but show themselves in future life and we know that Armand will be well rewarded. Smooth sailings, Armand!



MARION R. BACHERMAN

"My never failing friends are they,
With whom I converse day by day."

META STAFF SPANISH CLUB

WOMAN'S CLUB DEBATING CLUB

HONOR STUDENT

Don't rush or crowd around, for we are presenting here the perfect secretary, none other than Marion. She has always been a grand pal and a person who always enters into the spirit of any activities in which she takes part. With her friendliness and ability she will, we are positive, make her mark in the business world.

ANNA BASHUK

"The well of true wit is truth itself."

DEBATING TEAM SPANISH CLUB

META STAFF WOMAN'S CLUB

Anna is a young woman of many and varied accomplishments, all of which seem to presage for her a rather bright and sunny future. Not the least of these gifts so abundantly hers is the power of argument, used so effectively as a star member of our school debating team. Another Portia?

WENDELL E. BENT

"Good nature gives one a well desired place in the world."

DEBATING CLUB

"Wendy" has become one of the most popular members of our class by his indefatigable cheerfulness and willingness to cooperate in all activities. An active brain lies below his outer veneer of good humor. We are certain that "Wendy" will BE a success in his chosen vocation.

BARBARA E. BERRY

"Art is the mirror of the Soul."

OBSERVER STAFF CLASS BASKETBALL
META STAFF WOMAN'S CLUB
P. H. S. REVUE

Look at the crowd around the bulletin board! What are they gazing so intently upon? Nothing other than one of "Barb's" very attractive posters. "Barb" is one of our classmates who has a great future in the field of art. We wish you all the luck in the world, Barbara.

EVELYN BETTENCOURT

"A happy life consists in tranquility of mind."

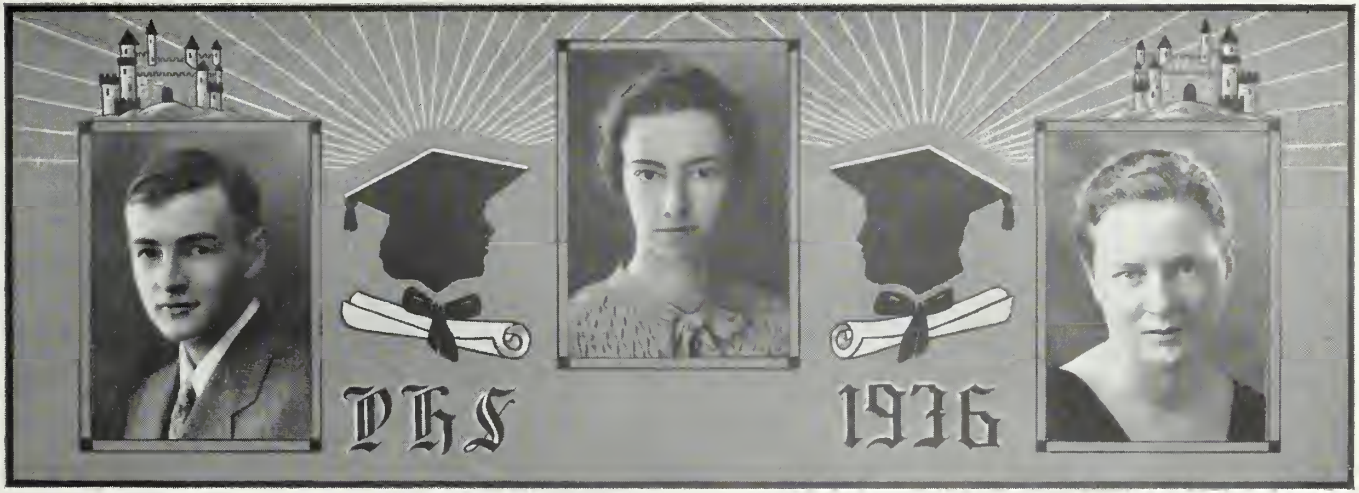
WOMAN'S CLUB META STAFF
SPANISH CLUB

In her quiet way this charming miss has won for herself a firm hold on the affections of her classmates. Evelyn is talented; she is diligent; she is loyal! We could go on and on, extolling her for her many virtues. Suffice to say that with her many excellent qualities she will not fail to attain a high position in life.

STEPHEN A. BILJI

"Victory crown hard labor."

It is quite difficult to think of "Steve" without the quality of mirth. Because of his vivaciousness and good humor, he has become quite an attractive personage amidst a wide circle of friends. Consequently, we are confident that "Steve" has a successful future in store for him.



DAVID N. BROOKS

"If you can dream—and not make dreams your master."

Although David has never taken part in school activities, he is a great lover of outdoor sports. He has won prizes at the town's winter carnival in skiing and snowshoeing and at the county fair for the knives he has forged and the model ships and airplanes he has built.

ELEANOR C. BROOKS

"She who does not think too much of herself is much more esteemed than she imagines."

Editor-in-Chief Observer

Meta Staff

Eleanor represents those who choose to speak few words, but whose accomplishments are witnesses of their real ability. Her contributions to the Observer, despite their genuine worth, do justice only in a small degree to her mental faculties, for she is also quite proficient in many other fields of activity. We expect a great deal from Eleanor in the future.

FRANCES P. BROUGHTON

"Look into her eyes for the reflection of friendship."

Traffic Squad

Most likely you all know the "Broughton" girl from "Cedar Grove," the tall graceful figure with twinkling eyes, who dashes across the second floor and up the stair-case to the third floor for traffic duty. Many of us have often wondered why she constantly paces that second floor? We have not discovered what "Frannie" is planning to do after graduating, but we wish her the best of luck.

ELIZABETH D. BROWN

"Old friends are best."

SPANISH CLUB WOMAN'S CLUB

"Betty", as she is known to many of us, has led a quiet and simple life during her four years at school. She has worked silently and energetically to help affairs become a success. Good luck "Betty" and may the future be as bright and pleasant as the past.

CATHERINE F. BUCHANAN

"Nor knowest thou what argument
Thy life to thy neighbor's creed has lent."

META STAFF SCIENCE CLUB

STRAND NIGHT

"Kay" is not really as sober as her dark clothes might lead one to believe, but rather very pleasant and friendly. She has contributed both to our Observer and our Year Book and we hope she will continue her literary work in the years ahead.

ARTHUR J. BURKE

"Good humor is goodness and wisdom combined."

Although we have known "Art" for only about a year, he appears to be of a nature both affable and industrious. In his short stay with us, he has made many friends, for he has a pleasing personality and is a jolly good fellow.

HENRY A. CHAMPAGNE

"A lad of silence but of merit."

CLASS BASKETBALL BASEBALL

Henry's quiet manners and his modesty have won him many friends. His sunny personality and his sense of good sportsmanship have made him one of our most popular classmates. We will in future days retain most pleasant memories of our associations with him.

ALBERT E. CHENERY

"The world steps aside and lets pass the man who knows where he is going."

META STAFF CLASS BASKETBALL

SCIENCE CLUB SPANISH CLUB

Albert is truly a young man of few words. While most of us are talking about what we're going to do, he is thinking or else he is up and doing. With his modest air and sterling qualities he is sure to be a success.

MICHAEL CHERWEK

"Victory crowns hard labor."

SCIENCE CLUB SPANISH CLUB

CLASS BASKETBALL

This blond-haired son of '36 has been one of the really diligent members of our class for four years. "Mike", despite his love of good times, has in no way neglected his studies so that he is now well-equipped to face the great world before him. Good luck to you, "Mike"!

STEPHEN H. CHIGAS

"Silence is golden."

Although Stephen has not taken an active part in our school activities, he has been a help to our class in that he carries cheerfulness with him. He is quiet by nature, although at times he gives way to a chuckle of merriment. Usually this occurs in his history class. We wonder why.

ROBERT S. CLARE

"Men judge us by the success of our efforts."

Class Basketball

"Rusty", jovial, friendly, and debonair, ranks among the "happy-go-lucky" fellows of our class. Perhaps he has a serious note in his nature, but we have found him always looking at the bright and humorous side of life. With best wishes for success we bid him "au revoir."

RUTH E. CONWAY

"Petite but oh so sweet."

Spanish Club P. H. S. Revue

Girls' Basketball

Cute and petite is our "Ruthy", who greets everyone with her pleasant smile. Although Ruth is one of the smallest members of our class she has a big heart which is full of understanding as well as cheerfulness. Her outstanding characteristics are activeness and alertness. We all wish her the best of success for the future.

ARLENE B. COOKE

"Happy as the day is long, and sometimes much happier."

Arlene is synonymous with good nature. When we have mentioned her very excellent disposition and her cheery manner we have but begun to tell you of the qualities that have made her popular among her classmates. Good luck, Arlene! '36 will some day be even prouder of you.

LYDIA E. COOMBS

"Sober, steadfast, and demure."

Glee Club — Spanish Club
P. H. S. Revue — Girls' Basketball
Woman's Club

"Lydia", as we all know, is a person who has many interests. She has been very active in athletics, especially basketball, but her hopes do not lie in that direction. "Lydie" greatly desires to be at the head of an orphanage some day, where she can best employ her talents in making life happy for her charges. All we can say is, "Lucky orphans!"

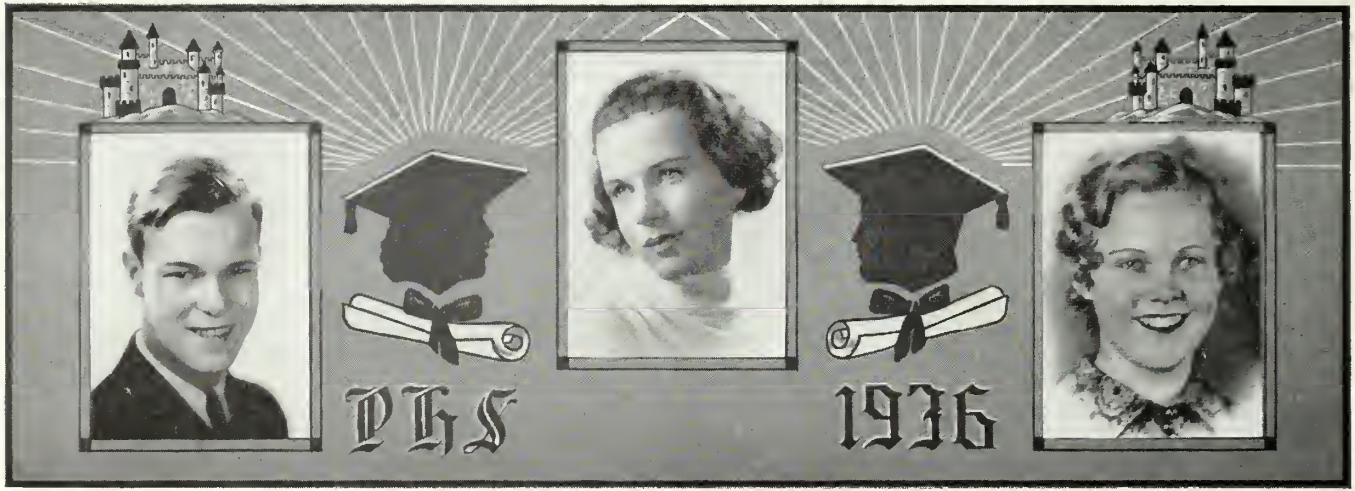
DOROTHY B. COPELAND

"The end crowns the work."

Observer Staff — Debating Club
Meta Staff — Woman's Club

Valedictorian

Clever, capable, comely,—these are just a few of the fitting epithets applied to our "Dot." "Dot" has a scholastic record which is the envy of some of her less fortunate classmates. Friendship, fortune, felicity, are only some of her acquirements. Radcliffe is to be the happy destination of "Dot's" brilliancy and graciousness.



RODERICK L. CORBETT

"To be or not to be, that is the question!"

"Rod" has been rather quiet in his years with us. But this smiling son of '36 has been working diligently to the end that in future days we will not be speaking of his retiring nature but of the worthwhile achievements that will be his. Best of luck, "Rod."

MARY E. CRANNEY

"Haste thee Nymph and bring with thee Jest and youthful jollity."

Whenever you see a group of people obviously enjoying themselves and laughing in a carefree manner, in their midst you may be sure to find our "Bess." For during her school career she has always lightened the day's work by a happy-go-lucky smile or an amusing tale. Here's hoping the business world appreciates her as much as we have!

BEATRICE E. CURTIS

"A presence which is not to be put by."

Here is a charming person with loads of "pep" and vivaciousness whom we all recognize as "Beechie." Her flashing smile, her irresistible laughter, her sunny self added life to all her classrooms. We all have enjoyed the companionship of this miss whose sunny disposition will always be one of our happy memories.

SHIRLEY A. CUSICK

"Charm strikes the sight,
But merit wins the soul."

Here we have a prim little lass, whose heart is bubbling over with friendliness and sincerity. Her pleasing disposition has gained for her the respect and admiration of the entire class. In your search for success in the business world, Shirley, you will find us all rooting for you.

ANNA C. DAMM

"Good nature is an element of success."
GLEE CLUB

Anna came to us four years ago with the ambition to become a stenographer and has succeeded admirably. Her good nature and charming way of winning friends are sure to help her in future years. Good luck and may she be happy in her business career.

BLANCHE M. DANDA

"A delightful presence—charm in abundance."

Some people seem to have that power of winning friends by being the true friend. Blanche has this power to the nth degree. As she goes forth to conquer the business world, we feel sure she will, by her talents and amiability, win not only other friends but also no small measure of the success she seeks.

SOPHIE A. DANDES

"The silent woman is the rarest gem."

CLASS BASKETBALL SCIENCE CLUB

Sophie has proved to be a faithful and an ardent student during her four years with us. She is very modest and shy, but we are confident that regardless of her retiring manner she will be successful in anything she undertakes.

PENELOPE H. DECOULOS

"Good dispositions win good friends."

GLEE CLUB SCIENCE CLUB

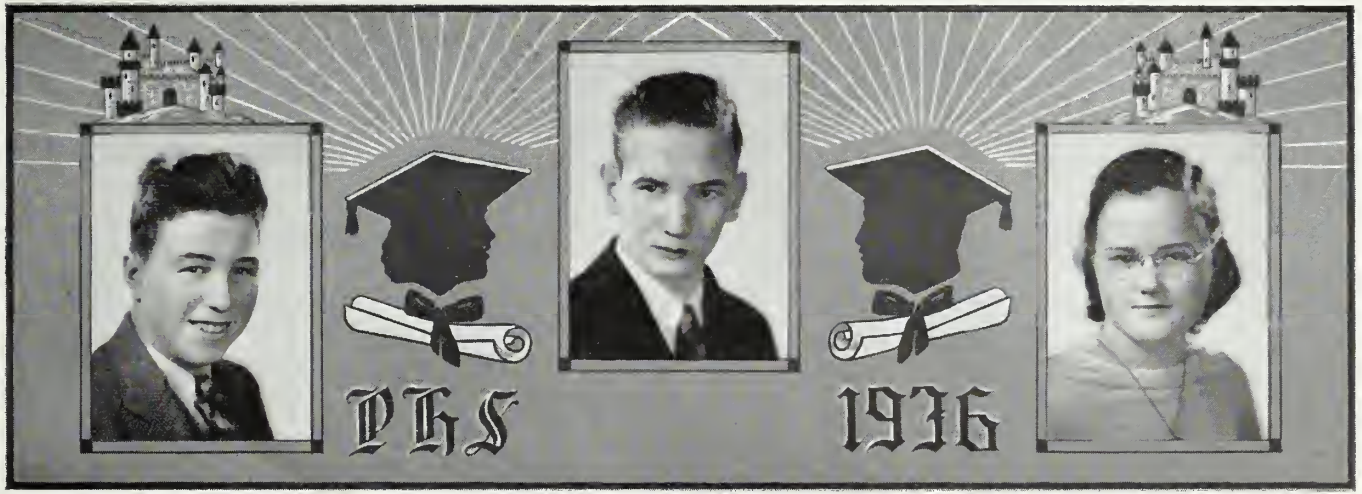
In Penelope we have found during our High School course, a companion, possessing a good disposition and a pleasing personality. Although of a seemingly quiet nature, to her friends she has often proved to be the life of the party. We are hoping that our path will often cross hers when we leave P. H. S.

EILEEN M. DESMOND

"A companion that is cheerful—is worth gold."

SCIENCE CLUB

It is an impossibility to be gloomy while cheerful "Dessie" is in your midst. Her pleasant company, ready wit, good nature and jollity have certainly added immeasurable brightness to our school life. The host of friends that her cheery disposition has won for her wish her every success.



LEO J. DONAHUE

"Every cloud has a silver lining."

P. H. S. Revue — Strand Night

All of Leo's clouds must have a silver lining if we can judge by his sunny disposition. "Leo" with his keen sense of humor and frolicsome nature, has long provided us with considerable amusement. His excellent disposition and quick wit are sure to be instrumental in his success.

JOSEPH L. DOOLING

"Perseverance keeps honour bright."

P. H. S. Revue — Meta Staff

Debating Club

Not tranquil, not boisterous; not serious, but not light-hearted; not zealous, but not unheeding; not constant, but not frivilous;—in fact "Joe" is the happy medium tacitly desired by all of us. With balanced qualities like these we cannot but feel confident that success will be his.

DORIS G. DORGAN

"We only see in a life-time a dozen faces marked with the peace of a contented spirit."

Science Club — Woman's Club

Carefree, happy and a true friend! Thus may we truly characterize our little Doris. How well we can appreciate a person who sees only the bright side of problems! For this reason we shall miss Doris. We predict a happy future for her, a future which she richly deserves.

LILLIAN J. DOWDELL

LILLIAN A. DOYLE

"Ambition has no rest."

META STAFF P. H. S. REVUE

JUNIOR CLASS SECRETARY

SENIOR CLASS SECRETARY

One of the most charming and popular secretaries that Peabody High has ever had is portrayed in our own "Lil". Her jolly disposition, her nonchalant manner, her sociability have won for her the affections of all her classmates. Is it any wonder that we're all going to miss this popular young lady?

LAVINIA M. DREW

"Modesty and humility are indications of greatness of mind."

Quiet, studious, diligent seem to be the adjectives that best describe this charming daughter of '36. Because Lavinia would not wish it, we will not make predictions for her future. But the accomplishments of the future, as life unfolds for her, will speak volumes. Cheerio Lavinia!

MARY DUBIE

"Tiny in stature, but great in spirit."

How very truly the above quotation describes our Mary! She seems ever ready to lend a helping hand to any one. Mary is one of our more retiring students, but a true friend to all those who are fortunate to know her well. Our sincere wishes for future success, Mary!

DANIEL J. DUGGAN

"Rome was not built in a day."

This versatile young man is one of our best liked classmates. He seems to have a natural ability for making friends with his disarming smile and pleasing personality. We wish "Danny" a lot of luck in his future undertakings.

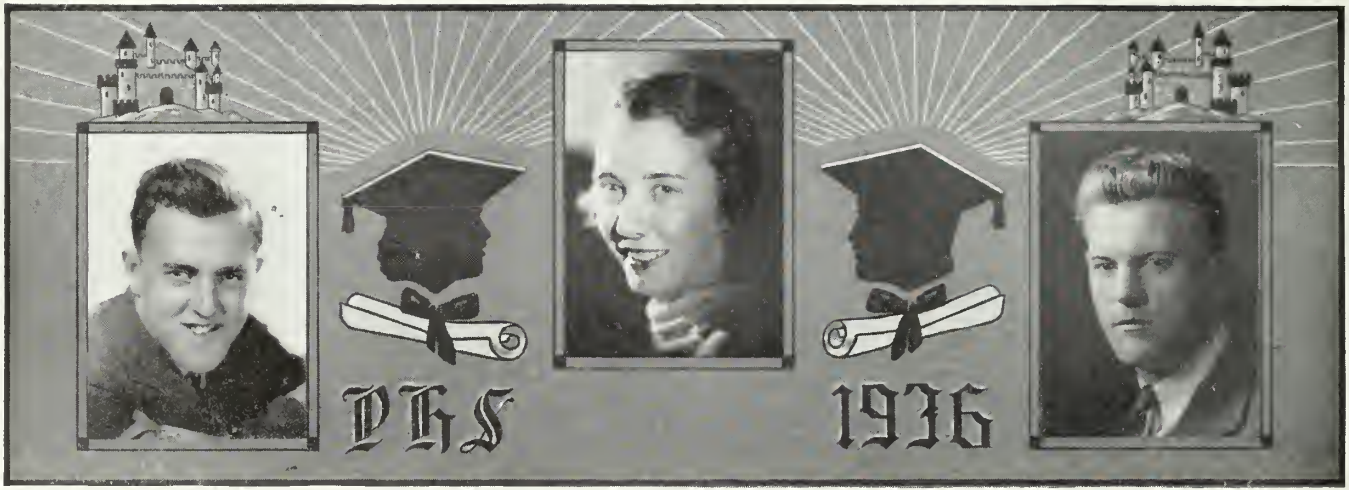
GRACE M. DULLEA

"Laugh, and the world laughs with you."

META STAFF SPANISH CLUB

SCIENCE CLUB P. H. S. REVUE

Introducing Miss "Always Smiling!" Grace could even make Mr. Gloom smile with her sunny disposition. The lunch counter will lose one of its magnets which draw so much business to it. We can see success smiling at you in the near future, Grace.



ROBERT B. DUNN

"Character is worth a thousand laurels."

CLASS BASKETBALL SCIENCE CLUB

Certainly "Bob" never makes himself obnoxious by talking too much, but that might be said to be a virtue that ought to be cultivated by a great many people. He goes his own way conscientiously and quietly, and never attempts a task unless he can complete it. Keep it up "Bob" and success will be yours.

RUTH W. DURKEE

"With always a friendly greeting."

Ruth, known to her closer friends as "Ruthie," is a real credit to the class of "36". Always ready to give advice with a smile, she has worked her way into our hearts, forever to remain. We wish her all the luck in the world, and feel sure she will succeed.

RICHARD H. EAGAN

"Some are born great, others achieve greatness."

META STAFF DEBATING CLUB

STRAND NIGHT OBSERVER STAFF

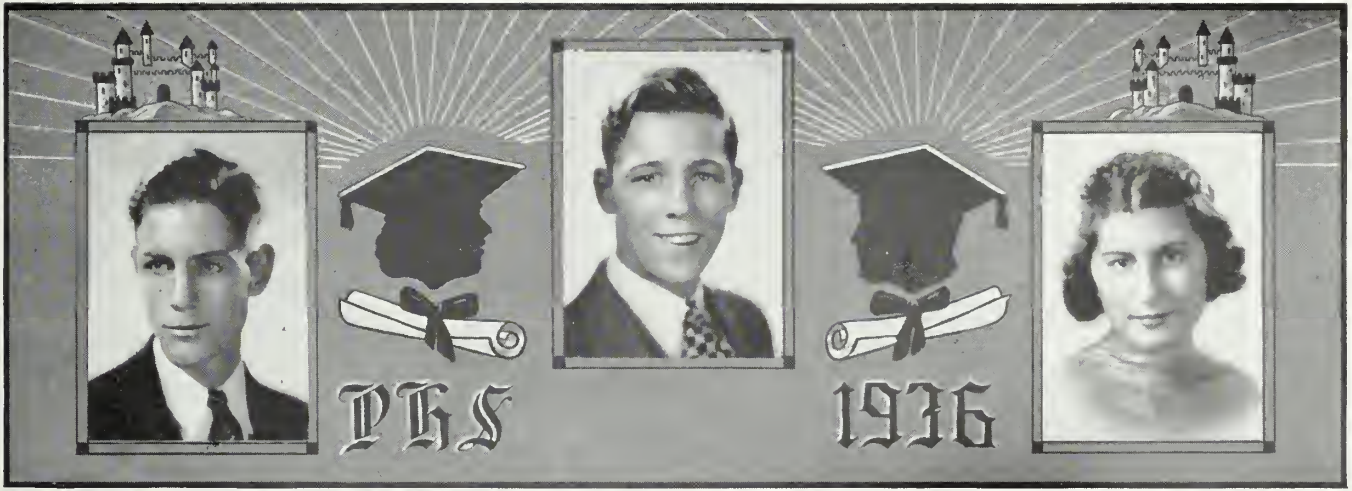
Here is the proof that large people have been seeking for years. "Dick" surely proves that not all good things come in small packages. As he goes forth may "Dick" always wear that characteristic smile and be assured that our best wishes go with him in every endeavor.



LYMAN H. EARLE

"Never put off until tomorrow what may best be done today."

FOOTBALL

Although Lyman seems to many of his classmates to be rather quiet, he is known to possess sterling qualities that augur well for his future. Don't get the wrong impression! He's not too quiet. Lyman has a real sense of humor; he can appreciate a good story; and he can play a harmless prank. Good luck, Lyman!

WILLIAM G. EARLE

"Nor could his ink flow faster than his wit."

SCIENCE CLUB SPANISH CLUB

STRAND NIGHT P. H. S. REVUE

JOHN FILLOS

"Much fruit of sense is often found beneath silence."

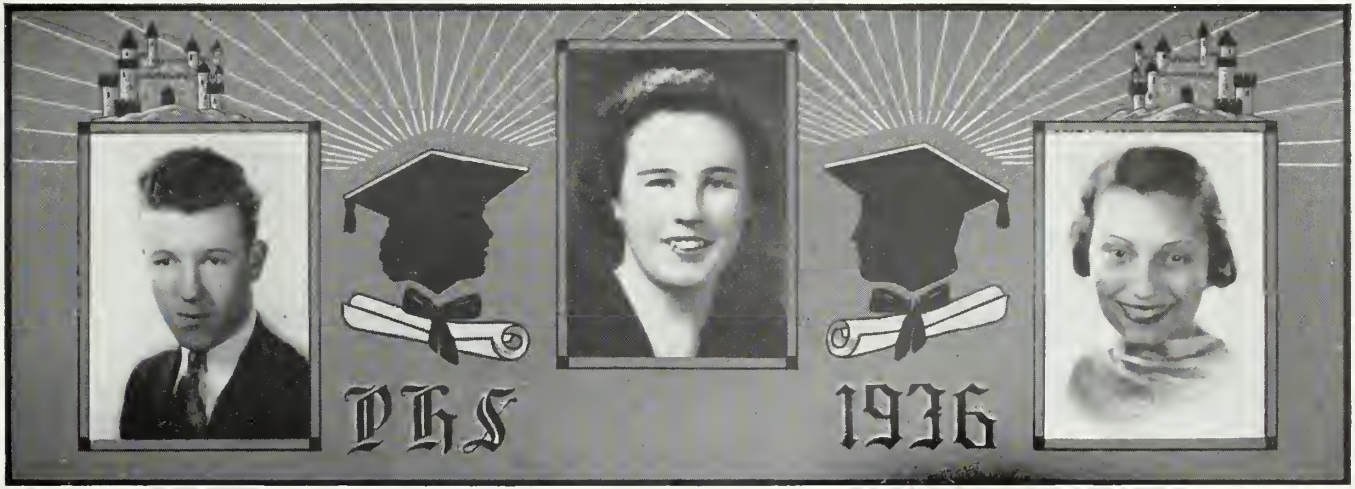
During his four years in high school "Johnny" made a host of friends. We are quite sure that he will achieve greatness in the future and that his unswerving, conscientious character, will carry him on to success in the years that are to come.



JOHN T. FITZMAURICE, Jr.

"Men of few words are the best men."

Spanish Club Class Basketball

His presence is always felt but not always heard of. That's what we like about "Fitzie". He's always with us, his quiet temperament, pleasing and unruffled. We know John's complacency of mind will obtain great success for him in the future, for his agreeable manner can never be resisted.

KATHRYN F. FLYNN

"Gaiety and a light heart are the best medicine."

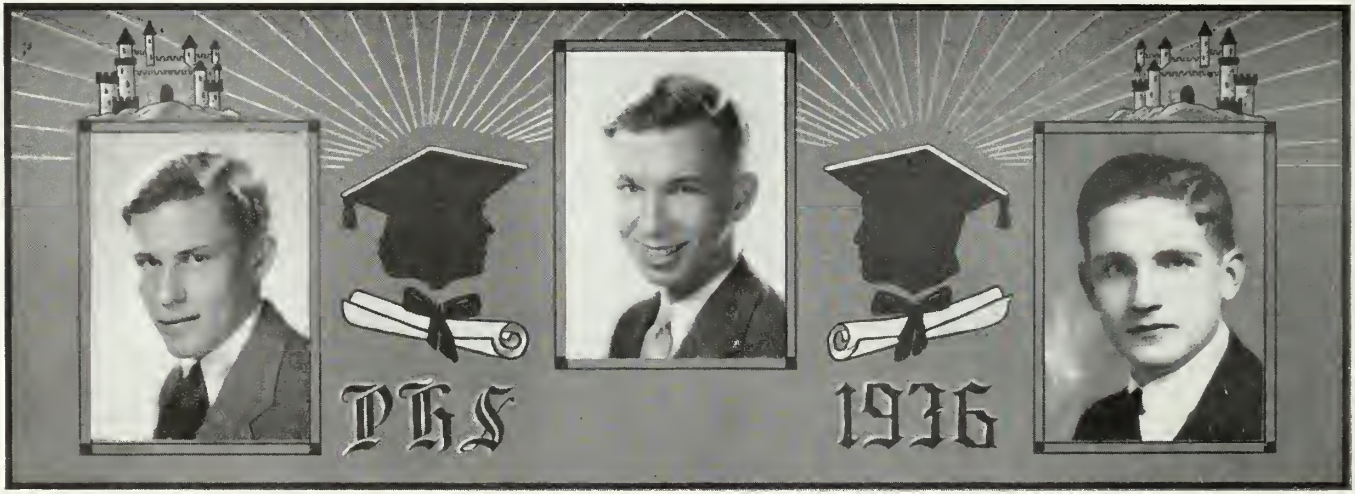
In "Kay" we have a "colleen" well liked by every member of the class of '36. Her personality has won for her many friends who not only wish her well but are confident that she will do well in the life that lies ahead. Au revoir but not goodbye, "Kay".

RUTH B. FROMER

"It's nice to be natural when you're naturally nice."

Woman's Club

Although "Ringie" has been with us for but two short years, she has proved herself to be a great asset to the class of 1936. Industrious, yet fun-loving, Ruth has become a popular member of her class. We bid her farewell and wish her the best of luck.



ANTHONY P. GAIESKI

"To get thine end, lay bashfulness aside."

FOOTBALL BASKETBALL

Happy-go-lucky, carefree and gay, that's our pal "Tony". His disposition is very calm and he never fails to greet you with a smile. In class he is very quiet, almost to a point of bashfulness. But then, great men are often quiet men, and such, we feel, is Tony.

KASMIZ J. GAIESKI

"Men of a few words are the best men."

FOOTBALL CLASS BASKETBALL

Here we have "Guy", a chap fit to be anyone's pal. He is loyal, sincere, and sporting. Neither lessons nor even the more serious problems of life seem to dampen his spirits. Although his activities have been confined to sports, he has unquestioned ability in other fields that will lead him to fame and fortune.

PAUL J. GALLAGHER

"Though vanquished, he could argue still."

PRESIDENT DEBATING CLUB
BUSINESS MANAGER META

No one will ever say that Paul is just another member of the class of '36. Paul is very good-natured; and he's just as capable as he is good-natured. An inter-scholastic debater for two years, Paul will go on to still greater accomplishments in the bright future that lies ahead. Best wishes, Paul!

ANNA G. GALVIN

"No life can be dreary when work is delight."

SCIENCE CLUB

Anna is a typist of no mean ability, very capable and very industrious. She knows all the right answers and many times during her various classes her less fortunate classmates have looked at her with a certain awe that speaks well for her ability in a scholastic way. Keep up the good work, Anna.

LAURA A. GARROW

WILLIAM A. GOOS

"This world belongs to the energetic."

"Bill", as he is known to his friends and intimates, is one of the hardest working members of our class, yet he finds time to enjoy himself and help amuse his classmates. He is a great "booster" of his class and is sure to attain a high place in life. Every success to you, "Bill".

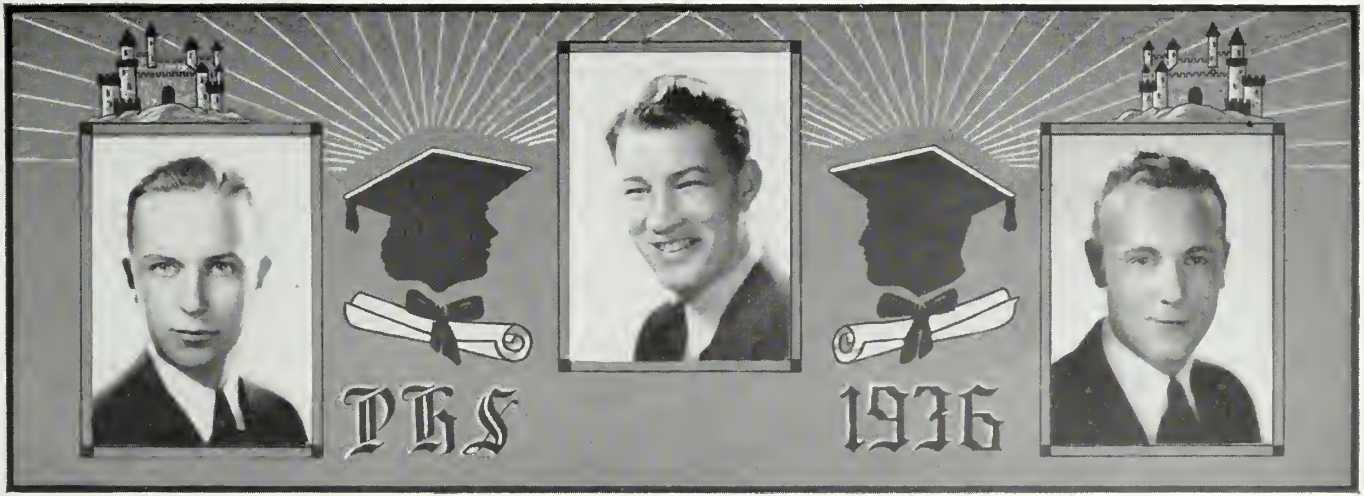
MARY P. GRAVES

"Never judge a person by sudden acquaintance."

Miss Sophistication! This is the best title that we can give Phyllis. Although she is reserved, yet her kindness and sincerity completely won the hearts of all her classmates. We are sure that Phyllis will be a great reflection on our Alma Mater. We wish you the best of luck, "Phil".



ELMER M. GUSTAFSON

"Hear all! See all! Say nothing!"

Though "Gus", as he is known to his friends, seems to be rather quiet at times, he is, nevertheless, most energetic and active. He is always ready to lend a helping hand and is a real friend to anyone who may need him. '36 wishes him the very best in life.

"Tony" is a regular fellow, a lover of sports, interested in all class and school activities, in a word the type of young man of whom the class of '36 will one day be proud. His many friends extend to him best wishes for a little more than his share of worldly success.

JOSEPH B. ISAACSON

"Give thy thoughts no tongue."

Now please do not get from the above quotation the wrong impression of our pal "Joe". True it is that he seems quiet at times, but when the occasion demands he gives free and full expression to his thoughts. "A woman of silence is a woman of sense."

In all of the class of 1936 there is we believe no one with qualities surpassing this charming little lady. True she is quiet at times, but when she does give voice to her thoughts you will find that she has really said something. No empty words for Helen; no frivolous froth; but good sense in abundance. Good luck!

BRUNO KOLHONEN

"Build today, then, strong and sure."

Kenneth is the proud possessor of the smile that won't come off. That smile is indicative of the carefree manner of a lad who seems to realize full well that the world is ready to receive with open arms the individual with a smile for everyone and at all times. His pleasing personality ought to win for him many friends to add to his already large circle.

Whatever she may be, stenographer or secretary, there is no doubt in our mind that success will find its way to "Say's" door.

TREASURER OF SPANISH CLUB

Homer might have been acclaiming Stella when he sang his epigram of praise, for she is one of the loveliest, most friendly girls conceivable. Her laughter and radiant smile never desert her even under the most trying of situations. Perhaps that is one reason why so many of us like her.

OBSERVER STAFF

THE OBSERVER

The OBSERVER has passed another milestone in its literary life and has bidden another class of seniors a fond farewell. Our school publication has done much more than merely observe. It has passed along its observations through its well known column, The Chronicle. It has entertained its readers with the wit of its "Pepper Shaker", has given bits of advice and quaint philosophy in its Editorials, and has offered samples of the literary attempts of the members of our English classes throughout its pages.

The class of thirty-six has been proud of the OBSERVER, as has each preceding class. We now pass the torch to the class of thirty-seven with the hope that they will feel the same pride in the publication when they pass it on to their successors.

John Quinlan was appointed editor-in-chief of the OBSERVER and served in that capacity for half of the year. On his resignation, Eleanor Brooks, became editor and carried through the work to a most successful conclusion. We can not let this opportunity pass without bestowing upon Eleanor a full measure of credit, not alone for her efforts during the last half of the senior year, but for the numerous articles, stories and poems contributed during junior and senior years.

Other members of the staff for 1935-1936 were: Associate Editor, Dorothy Copeland; Business Manager, Barbara Penniman; Circulation Manager, Richard Eagan; Literary Editor, Kanella LeLake; Chronicle, Mary Hartnett; Boys' Athletics, Thomas Meaney; Girls' Athletics, Elizabeth Osborn; Alumni, Virginia Miller; Art, Jordan Arakelian, Barbara Berry, Robert Flachbart and Philip Reidy.

Faculty advisers were: Principal, Arthur J. Barry; Literary, Mr. Frederick R. McManus; Financial, Mr. David P. Collins; Art, Miss Grace Loud.

DEBATING CLUB

THE DEBATING CLUBS

Our final year in high school marked a continuation of the active interest in debating that has characterized Peabody High School as one of the leaders in this field. While we had only one interscholastic debate, there was throughout the entire year a genuine interest in this most worthwhile of activities.

Early in the year officers were elected under the direction of Mr. Frederick R. McManus, Head of the English Department, and Mr. Arthur V. Johnson, who served as moderators during the year. The officers elected were: President, Paul Gallagher; Vice-president, Barbara Penniman; Secretary, Virginia Miller; Treasurer, Samuel Pickman.

The first debate of the year was won by the girls' team which defeated a boys' team in a discussion of women's emergence from the home. The girls' team was composed of Kathryn Sweeney, Virginia Miller, Helena Rosen and Anna Bashuk. Debating for the boys were: Paul Gallagher, Samuel Pickman, Thomas Meaney and John Ryan.

In the interscholastic debate with Revere High School held early in June, Peabody was very ably represented by Paul Gallagher, Anna Bashuk, and Samuel Lichman. There was, by mutual agreement, no decision given.

We have enjoyed participating in debating; we have profited from our experience. We express the sincere hope that this activity will continue and flourish at Peabody High School and that teams representing the Blue and White will continue to give a good account of themselves in their debates with teams of our neighboring schools.

SOCIAL EVENTS

SOCIAL EVENTS

Four short years ago a gathering of giggling girls and bashful boys entered the portals of Peabody High School. For the first two years as Freshmen and Sophomores, we felt we were being looked upon as rather insignificant and consequently unimportant beings.

As Juniors, however, we began to show definite signs of development and after organizing and selecting class officers we launched our social craft under the guidance of Miss Anne Brownstone, our class advisor. Our other high officials for the Junior year were President, Jordan Arakelian; Vice-president, Mary Hartnett; Secretary, Lillian Doyle; Treasurer, Francis Haran; Executive Committee, John Lukinchook, Mabel Pratt and John Tranos.

Our first port was the Junior Frolic which proved to be one of the most successful informal dances ever held in the high school. It was this dance, we believe, which presaged the really great achievements that were to come. Then came our Junior Prom! And what a prom! The gym as usual was transformed into a veritable spot of beauty with the colors of the rainbow giving finishing touch to our decorations for this occasion. Long should we remember this outstanding event of our Junior year.

In our fourth year, we became, in our own minds at least, the kings and queens of the school. This year the leadership was given into the hands of a committee of class advisers made up of Miss Helen Hood, Mr. Michael Higgins, and Mr. Frederick R. McManus. High officials at the helm of our most seaworthy craft were President Richard Eagan; Vice-president, Mabel Pratt; Secretary, Lillian Doyle; Treasurer, John Quinlan; Executive Committee, Kathryn Sweeney, Francis Luz, and John Lukinchook.

We made our first stop in Senior year at the port of the Senior Hop. On this occasion our gym was tastefully decorated in our class colors of green and gold. The voyage reached its climax when we held our Strand Night early in OUR YEAR 1936. Remember the "Follies"? On the homeward journey we stopped at the port of Selling Chances and we picked up a rich cargo. Then came the banquet in celebration of our enterprise and we lavishly spent part of our treasure.

The home coming celebration in the form of our Senior Reception at the City Hall on the night of June 19 was the greatest of all. Never before was the hall so beautifully decorated and we shouldn't let this opportunity pass to pay just tribute to Miss Loud and her capable junior assistants for their most efficient work in preparing the hall for our final social event of 1936.

So closed the happy voyage on the Sea of Social Activities.

CLASS PROPHECY

(TIME --- THE YEAR 1950)

On July 4, 1950, "Barb", "Dotty" and I attended the Palace Theater in New York City to witness the premiere of "Billy" McKeon's "Follies". The star of the show, much to our amusement and amazement, proved to be our very popular and very attractive vice-president, Mabel Pratt, one of the really bright lights of the class of '36. As we entered, the next number on the program was announced as "The World's Roller Skating Champion."

"Doesn't her face look familiar?" I whispered to "Barb" and "Dot". "She looks like 'Peggy' Moore from our class."

"Of course, that's just who it is," they both whispered. "Isn't she graceful?"

After the performance we made our way back to Mabel's dressing room. A maid answered the door and I told her to tell Mabel that Mary Hartnett, Barbara Penniman and Dorothy Copeland wished to see her. In a few minutes the maid returned and asked us to come in. We entered a gorgeous suite which could hardly be classed as a dressing room, so luxurious were the appointments. Then Mabel appeared and what a beautiful sight she was!

"Hello, Mary, 'Barb' and 'Dot'," she heartily greeted us. "Where have you been keeping yourselves these long years since '36?"

"Oh, we're visiting New York for a little vacation and we saw the advertisement of the 'Follies' in the paper, so here we are. The producer of this show couldn't by any chance be THE 'Billy' McKeon, who graduated with us from high school, could he?" I asked.

"Yes, it's the same old 'Billy'. I'll call him and try to get him up here", replied Mabel, taking the telephone. "Hello, 'Billy', will you come up. Yes, it is very important. Right away, yes."

"Ri-n-g", went the doorbell and the maid soon returned saying, "There is a man out here who insists upon seeing you, Miss Pratt, and he won't give his name. Shall I let him in?"

"I don't need an invitation," burst forth a voice, and there stood Jordan Arakelian. "Hi, Mabel! Well, well, where did you pop from, Mary, 'Barb' and 'Dot'?" he greeted, giving us a casual wave of the hand.

"Hi,'Toots' ", a familiar voice penetrated the air and in walked the famous producer of the "Follies" in person, "Billy" McKeon.

"Well if it isn't our old friend, 'Billy'," I exclaimed. "Tell me, 'Bill', how do you happen to be head man of the 'Follies'?"

"You remember the impersonation of the 'Follies' we gave at Strand Night? It was that inspiration that started me on the road to the heights, and here I am," he explained. "But what about yourself?"

"I'm employed in Uncle Sam's Department of Justice, chasing public enemies."

"You were always good at detecting news for the 'Pepper Shaker'. What about you, 'Barb'?" he asked.

"Why, she is that famous editor who is always slamming the present administration and who is receiving such widespread recognition," supplied "Dot". "And I've just returned from Paris with a French accent and a trunk full of clothes. What have you been doing, 'Arco'?"

"Oh, I've established a chain of garages."

"Yes, I've heard of the 'Arko Garages'," said Mabel.

"Have you any news from home, 'Arko'?" asked "Billy", getting serious for once in his life. "You seemed to do pretty well as Walter Winchell during our school days."

"Well, you asked for it and here goes: There is a blushing professor teaching the pretty co-eds at B. U. and it's 'Red' Quinlan, our class treasurer. Peabody is now the home of one of the country's leading foot experts in the person of 'Phil' Reidy. In a new shoe store on Main Street only the other day I saw perched on a high stool a very efficient looking bookkeeper, Mary Sinos."

"Speaking of Main Street," interrupted "Barb", the largest A. & P. store in Peabody is very capably managed by 'Steve' Bilyj. The Spiliotis sisters, Amelia and Isabel, are busily and successfully engaged in the manipulation of woman's crowning glory, offering plenty of competition to Louise Richards who is just across the street."

"That reminds me, I saw five of our classmates going there only yesterday. They were Bertha Singerman, Edna Serpa, Ruth Peura, Marion Bacherman and Anna Arathuzik, now stenographers at Filene's."

"Didn't you see two members of our class when you came in?" Mabel asked us.

"No," we all answered, looking rather blankly at each other.

"That's strange. Our box office is being handled by 'Dick' Eagan, our class president, ably assisted by 'Red' McNally. 'Dick' as usual is doing a mighty fine job, and is the same good scout now as he was in the good old days."

"I was reading the paper this morning and—wait, here's a copy," said "Barb", picking up the paper and reading, "Henry Champagne, with Alfred Poole as co-pilot, has broken the record for a non-stop flight around the world. Anna Damm, a racer at the County Fair at West Peabody, has set a new county record pitching horseshoes. Kenneth MacRae, the latest Valentino, along with Walio Okker, Paul Whiteman's new competitor with 'Ginny' Miller and 'Gerry' Howlett as his vocalists, is en route to Hollywood."

"Oh boy, look at this," gasped "Dot", reading over "Barb's" shoulder. "Acknowledgement is made to Robert Clare and Leo Ronan for their invaluable advice in the production of 'All's Well That Ends Well.' Can you imagine, of all people, 'Bob' and Leo going Shakespearean?"

"Well, my weakness is still the funny page," interrupted "Billy". "And my favorite is 'Little Audrey' sketched by Frank Kozak, with dialogue written by Eileen Desmond."

"Here's an advertisement for the Antoszeuski & Suchecki Circus. Listen to this line written by the press agent, John Sudak: 'Greatest show on Earth, with the world renowned Robert Dunn and his trained lions; the two greatest clowns in circus history. Joe Dooling and Frank Malik; Dan Duggan riding Jumbo, the biggest elephant in the world; See our intelligent monkey fed his peanuts by Lyman Earle, his trainer", read "Arko".

"Let's turn on the radio," offered "Barb", turning the dial.

"Flash! Leo Donahue, the crooner, got the gong at Major Sozanski's Amateur Show. Now he knows how good he really is.—First prize for the evening was won by 'The Tapper', our old friend, Muriel Stone. By the way, she was a classmate of mine; but then so was Donahue, but I'd just as soon forget that.—Evelyn Bettencourt gave a campaign speech in behalf of the candidacy of our own Sara Zall, first nominee of her sex for the high office of Governor of the Commonwealth.—On the same ticket is Poppy Zolotas running for State Treasurer.—The Tigers won a hard fought game today against the Red Sox, 5 to 4. Sam Soucy pitched for the Tigers and Tony Gaieski for the Sox.—'Eddie' Narbis has just been appointed head coach at St. Bonaventure, his Alma Mater.—Signing off from Station Q. E. D.—Frances Broughton."

"Some broadcast," remarked Mabel. "Have some chocolates," offering me some.

"No thank you. I've got to reduce."

"That reminds me," interrupted "Dot", Arlene Cooke, Hilda Seppila and Elinor Waters are running a beauty parlor, featuring reducing machines, invented by 'Izzy' Sternberg."

"Mind if I say something? I admit I never was much of a competitor for you jabbering women," ventured "Arko" in that timid little voice so characteristic of him in high school. "I had a tooth pulled by a very sedate individual today, Dr. Albert Chenery, and was I nervous? So nervous in fact that his very charming nurse, Anne Panasuk, held my hand throughout the ceremony—I mean operation. From the looks of her hands she has been patronizing our class manicurist, Shirley Raymond. When I staggered out of his office, a little the worse from the effects of the gas, I saw 'Al' Niconchuk selling his prize cabbages in the new vegetable store owned by Marek Pzegeo. At 2:30 I saw strolling out of the P. H. S. one of the new teachers of history, Jacob Press, Doris Randall of the Mathematics Department and Helen Waisberg of the Commercial Department. David Brooks is the head of Peabody's large maple sugar industry. His assistants are Arthur Scangas and Harold Samuelson."

"By the by, I got a fan letter from Carol Stone. She is running a successful flower shop on Main Street," said Mabel. Her prize customer is 'Hank' Shea, the new theater manager, who it is reported is much interested in one of our fashionable dressmakers, Ruth Swift."

"When I was in Switzerland," chimed in "Dot" who did I meet yodeling in the Alps but 'Dick' Ryan, practicing for the coming season at the Opera! And at Vienna, 'Ray' Nelson was making a name for himself in the medical world. And oh, how he slays them! At Oxford 'Eddie' Pabisz is teaching them our American English, and as usual doing a first class job of it."

"'Jimmy' McVann, the cartoonist, is using 'Jimmy' Nangle as his inspiration in his cartoons," added "Barb" "and 'Dot' Page is a regular feature at the Metropolitan, tap dancing with Lilian Dowdell, the blues singer. 'Lil' sings and the audience feels blue. Agnes Sideris and Muriel Poirier are designing their costumes. Shirley Robinson is the cashier and Peter Palavanchuk and Edward Nevins are the head ushers."

"By the way, did you hear about the new restaurant opened by Mary Ring, Livia Trask and Eleanor Ryan, named 'Ducky Soup'? The place is ducky, not the soup. Ducks are expensive these days. Craig Abbott is their cook and 'Betty' Brown is the baker. 'Brownies' are her specialty," I supplied.

"Oh, I almost forgot to tell you," burst forth Mabel, "Barbara Berry is drawing advertisements and has for models Anna Bashuk and Catherine Buchanan. They always were model girls. Michael Cherwek and Stephen Chigas have a taxi company established in New York and 'Tommy' Nevins is working for them They feature rides around the Central Park at night, and is business rushing? I saw 'Bill' Spatrick inquiring about the prices. Jacob Stahl is a steeple-jack and 'Charlie' Tolios is in the window cleaning business. Now he doesn't have to stretch his neck."

"I played golf at the Salem Country Club the other day and I saw 'Joe' Sylvanowicz there. He's now the golf pro. 'Al' Studzinski is the caddy-master," supplemented "Arko".

"I went to the fights last night, and to my surprise George Routses was fighting in the feather-weight class. He won and is now going to fight in the bantam-weight class. Now he can qualify as my body guard," said "Billy". Armand Archambault is his manager and George Sheinhit is his sparring partner. One of the policemen stationed there to keep some semblance of order was John Langan."

"I went to the Adirondacks on my vacation," started Mabel, "and found Eleanor Brooks in her laboratory studying the stars. She has become quite an astronomer with Ruth Conway and 'Bessie' Cranney as her assistants. I stayed at the Ritz Hotel and found 'Billie' Earle as the clerk. I was quite surprised to see him and even more surprised, perhaps even astounded, when 'Bill' Goos took my bags. And did he stick around for the tip! That night the lobster I had for dinner made me sick and I asked for the cook to complain. When 'Billie' Graham appeared as the cook in question, no further explanations were needed. And yet looking back over this little incident I am at a loss to know what 'Bill' had against me. The next morning I went downstairs quite early. In my haste to reach the dining room I stepped on a piece of soap and what a toss I took! Looking around for the cause of my mishap, I saw Francis Herlihy laughing his head off. He also was a bell hop and was in his spare moments giving the stairs their morning ablutions. After a hectic week at the Ritz, I went home to enjoy a well earned vacation."

"I was taking my girl home the other night," chimed in "Arko", "and I got a flat tire. After trying in vain to fix it, a wagon loaded down with freshly cut hay appeared and the farmer asked if I wanted help. I said yes, and looking up, I saw it was 'Duke' Kolhonen. He answered, 'I hope you get it,' and off he drove. I waited for a while and no help came along, so I walked five miles to the nearest garage. You can imagine the shock I got to find it operated by Doris Pepper and Ruth Perry. They said they were sorry, but their own car was 'on the blink' and they couldn't help me any. I telephoned a garage in Peabody Square. But that telephone operator, 'Ruthie' Reid, was listening in on an interesting call and it took her about an hour to get my number. (I'll bet Walter Winchell would like to know her!) Finally I got the tire fixed by Thomas Hannon, the mechanic. What a night that was!" exclaimed "Arko".

"That is nothing to compare with the night I took an aeroplane ride over the Beverly Air Port. After we got up I noticed the pilot was Charlie Hodgson. 'I didn't know you were a

flyer,' I said to him. 'I'm not,' he said, 'this is the first time I ever flew. I got up all right but I don't know how I'm going to get down.' I think he tried every gadget and button on the control board because we did turns and twists and what-have-you. Finally (I still don't know how) we landed safely," I related.

"I hear George LeCain is manufacturing water pistols for a living. 'Doug' Hall is the new scoutmaster in Peabody. He is still doing his daily duty," said "Billy". "The Peabody Hospital is being very nicely run by our nurses Eleanor Raymond, Mary Panagopoulas and Shirley Cusick. I'm going there when I get my appendix out."

"Helena Rosen is a designer at Macy's and Marie Rosa and Elizabeth Pyburn are working there as clerks. The floorwalker is none other than Ray Kearns," began "Dotty",—

"I was going downtown in the bus the other day and who should be the bus driver but John Fitzmaurice. After getting off I went into Blood's where Pete Kotsovilis and Kasmiz Gaiske are meat cutters. (Remember how 'Pete' used to get the cold shoulder from the chickens?) And of course, Kasmiz always liked to beef. The two efficient clerks on the Bakery Counter are 'Jennie' Soucy and Stella Zayac. They are passing out plenty of dough these days," I said. "While I was there waiting for my order, Tamara Tyshkevich, clutching her dictation note book, came along. She is now secretary to Helen Simanski, the social worker."

"Forget about Blood's. Just because you went to Washington can't you ever forget about Blood's once in a while?", barges "Dotty".

"When I was in Radio City, I saw Nelsie White, working as a ticket girl. And guess who is still building up to an awful let down? Sylvia Wirtanen is running the elevator," said Billy.

"The door bell rang the other day and who was it but Paul Gallagher, the Fuller Brush Man. He is using his vocal chords to advantage, now. John Tranos is using his brawn as a mover in business for himself. George Zarules is working for Johnny and,—".

"Wait a minute, 'Barb', before I forget, did you know that Lillian Doyle is the owner of a large dancing school? I went to the recital last week and it was marvelous. 'Kay' Flynn and Phyllis Graves are assisting her. 'Joe' Isaacson invented a new automatic broom and sold half interest to 'Tony' Hubiz and Frank Gelott and the three are now in the money. They are making a clean sweep of everything. A new newspaper, 'The Daily Fly' has been started in Peabody by Jimmy Goggin and on his staff are 'Pete' Kushnieruk, Anna Galvin, and Ruth Fromer. His comic sheet is drawn by Laura Garrow, and Lena Glass is his business manager. You should see Lena flying around getting ads! I suppose you've heard about that new Photographic Studio in Peabody established by Urseline Gill and Grace Dullea. They promise to make any improvement that nature failed to do. So don't forget to patronize them because all of you could stand improvement," I said, ducking the pillows that were being thrown.

"Going on," continued "Barb" "you know the new children's books entitled, 'Goobsey Twins', are written by Helen Peterson and Mary Dubie. Rose Horrigan and Penelope DeCoulos, owners of a primary school, are the biggest buyers of the books. A large orphanage in Chicago is under the management of Lydia Coombs as the matron. Helvi Anderson is teaching the orphans aesthetic dancing and Agnes Andrianopolos is teaching them to croon. They'll be some orphans when they get through with them! Go ahead, Mabel, I can see you have some more news."

"You're a mind reader. That new boarding house on Quinlan Square is run by Anastasia Abraham and Helen Reily and their star boarders are 'Mishie' Hoffman, the hair-dresser and Mary Parsons, the telephone operator. Enrolled as G-Women in Washington are Evelyn Sogoloff and Amelia Smagula. Their duty is to see that the eligible bachellors are taken care of. 'Dot' Walsh and Olive Wilt are proprietors of a fashion shop on Main Street. They are displaying the new bathing suits designed by Helen Knowlton and Esther Murphy. I suppose you all have heard about those lectures given by Ida Zavarise on "The Art of Flirting." Anne Wywiurski is her ticket collector. There is a very attractive dog-cart on Tracey Street run by George Zolotas. Louis Wiseman, that big he-man, has a fine business making monocles with John Whelton as his chief model".

Mary, are made by 'Beachie' Curtis and Company, the company being Doris Dorgan, Lavinia Drew, and Ruth Durkee. Josephine Cola is demonstrating them walking on air, a means of advertising originated by Anita Rafey. For goodness sake, 'Arko', can't you wait?" asked "Dotty".

"No," replied "Arko'," "Did you read this year's runner up of the Nobel Prize Book? It is entitled 'Confessions of an Old Sofa', written by Phyllis Herring. It is very funny and has won her much fame. Helen Espinola and Margaret Hoban, from their experience, assisted her with ideas. Calliope Gerakaris and Rose Hitchman are in a Roller Skating Marathon from Boston to St. Petersburg. They are among the leaders thus far. 'Kay' Sweeney is teaching math at P. H. S., after giving up studying 'Art' in Salem. Those new Dramas heard over the Columbia Broadcasting System are being written by 'Mickey' Moore. The actors and actresses taking part in them are Kanella LeLake, Lempi Laitinen, 'Spike' Meaney, and 'Tim' McCarthy. Remember how 'Spike' used to get going in the assemblies? All right, 'Barb', I'm finished."

"Did you know that 'Gene' McNiff was a postman? He always was good at playing Post Office. That Fish Market on Central Street is owned and operated by William Mistopoulos and Thekla Karahalis is his Bookkeeper. Oh, yes, if you ever have any trouble with your chimney or roof, be sure to hire John Montgomery and 'Art' Marrs who do first-class work. Marie McCarthy and Louise McQueen are comediennes on the program advertising the 'Sly-Liss Rugs' invented by Harry Monson and Bernard Marron. O. K., 'Billy', continue."

"That Bloomers Girls' Baseball team is certainly good, isn't it? Anna Maklac is the manager and Ruth Mackie and Florence Leclere are stars on the team. They are going places in the American League this year. Wendell Bent owns the club. 'Gene' McCarthy, that bashful boy, is now Golf Pro at the Exclusive Women's Golf Club. He is now a mighty changed person. My body guard thinks he is an important person but he is only in my way. He is John McCarrron, you know. That Six-Day Bicycle Race here in New York is getting exciting. The final lap is almost near and it is between Mary and Portia Karabelas who will win.

"You've said enough, Billy," I complained. "Althea MacNeil and Helen Musial have joined the married ranks of our class. There is a grand swimming pool where Brown's Pond used to be. It is owned by Johnny Lukinchook, the holder of many world records for swimming. Mary Marchewka and Helen Micalchuk are instructors and Helen Manos, the nurse, is a daily pupil of theirs. She is still trying to grow."

"Going on before I was so rudely interrupted, "continued Billy, looking at me crossly, "Katherine Niemchick is a flapjack maker in Georgia Nickolopolos's new 'Breakfast Nook'. Barbara Tumelty is writing the 'Advice to the Lovelorn' in the New York Times. I met her the other day and she was telling me that Sam Lichman is District Attorney of Essex County. He is in a position to inquire about the why and wherefore of things. He was always good at that sort of thing in our schooldays. That famed politician in Peabody, 'Frannie' Luz, was instrumental in getting 'Ned' Lynch, dog catcher. Lets give three woofs for him. The newly appointed Inspector of Motor Vehicles in Massachusetts is Robert Lord. He had a lot of experience along those lines when he was in High School after all those accidents he was in. The United States Dancing Society sent two missioners, 'Libby' Osborn and 'Polly' Tersolo to the South Sea Islands. They are showing the girls there the Art of Dancing a la Amerique."

"I remember reading in the paper that George Makela and 'Eddie' Ludwig, who are in the trucking business, were sued by 'Jake' Lerner for killing one of his prize chickens. Stanley Likovitch was 'Jake's' lawyer, so George and 'Eddie' had to pay the suit," I added.

"For heavens sake, it is two o'clock! We've got to be going!" exclaimed "Dotty".

"Gosh, doesn't the time fly," said Mabel, "But it has been great fun. Don't stay away so long the next time. Come again soon."

"We will," we chorused leaving and in a few minutes we were swallowed up by the fast moving traffic of New York City, smiling to ourselves as we thought about the fate of our classmates, wondering what they look like, vowing that we will look up these old friends when we have time. So closed another chapter in our lives.

THE FUNNY THINGS THAT HAPPENED:

When Joe Mogavero sat on that tack in room 102.

When Anna Bashuk refused to sit down when her time was up in the debate.

When Johnny Lukinchook and Barb Penniman ate the raw eggs at recess after losing a bet.

When Mabel Pratt wrote Leo Donahue THAT note.

THE "NOT SO FUNNY" THINGS THAT HAPPENED:

When you got caught skipping a period.
When you got that decorated Report Card.
When you got caught copying in the Test.

WE WONDER WHY:

Helen Peterson has so much interest outside Mr. King's Office?

Shirley Robinson is so interested in the Salem "R" Club?

Where "Red" Quinlan spent the time from 1:20 till 3:00 when he stayed for discipline?

"Lib" Osborn likes West Peabody?

The teachers give out after-noon slips?

"Kay" Sweeney likes Salem boys?

Sara Zall goes to Beverly?

REMEMBER:

The day "Kay" Sweeney explained why love is like a flame?
Leo Donahue's feet preceding his beat on the corridor?
Murial Stone's short skirts?

HOW WILL WE DO WITHOUT:

Good-natured Lempi Laitinan?
Sophisticated "Barb" Tumelty?
Giggling Eileen Desmond?
Quiet Helen Reily?
The Locker room quartet?
"Jackie" Oleks and Eddie Narbis's bow ties?
Our Walter Winchell "Arko"?

GIRLS' BASKETBALL TEAM

GIRLS' ATHLETICS

This year has been one of the truly memorable years in the history of girls' athletics at our high school. During the course of this final year basketball, baseball and field hockey, all received their share of attention.

The outstanding event of the year from a social, athletic or educational point of view was the gym meet between the Blues and the Whites, held in our school gymnasium on the evening of April 23. Throughout the year the members of these teams had contested on a point system to determine not only the better team but also the outstanding individual performer for the year. On the evening of April 23, the winner was decided, the Blues under the leadership of Chrisoula Argeros, 37. The star performer for the year and for the evening was "Polly" Tersolo of our class, a really merited honor for in every activity for girls "Polly" proved herself to be a capable performer as well as a real sportswoman.

Our comment would not be complete, of course, without mention of our excellent basketball team which won eight games and lost but one. Champion basketball teams at Peabody under the direction of our gym instructor, Miss Helen Riley, have become somewhat of a habit; we say this not boastfully, but rather as a statement of fact borne out by the record of our teams for the past several years. Our basketball stars of '36 were: "Polly" Tersolo, Helen Espinola, Lydia Coombs, "Dot" Page, "Peggy" Moore and Manager "Lil" Osborn.

May we express the hope that the future of girls' athletics at Peabody High will continue to be bright and even more successful than the happy years we experienced.

JUNIOR RED CROSS CHAPTER

AFTERWORD

And now for a final word. Our work has ended. The META OF 1936 will shortly, we hope, begin to serve the purpose for which it was produced, of calling to mind the happy incidents of our high school days which we wish ever to keep fresh in memory.

May we express the sincere hope that in future days, as we attain the objectives we have set for ourselves in life, our META may help us to retain in mind and memory a happy recollection of the faces, the friends and the occasions of our high school days. *Adieu.*
